Education

University of Manchester

2024 – Present

BSc Computer Science

Current Coursework:

- Software Engineering
- Visual Computing
- Machine Learning
- Distributed Systems
- Algorithms and Data Structures

The Elms Academy

2022 – 2024

A levels

Subjects:

- Mathematics – A*
- Further Maths – A*
- Physics – A
- EPQ – A

Skills:

- Python
- Java
- React
- PHP
- HTML / CSS
- Javascript
- Photoshop
- Git

Projects

Lets Go Gambling

2025

- **Team Project**, creating a satirical gambling website, getting **71 unique accounts** to join
- Implementation using **React Framework** and **Firebase services** with **Google authentication**

Magnus Archives Map

2024

- Interactive web map tracking **locations and narrative connections** across horror podcast episodes
- Implementation using **Leaflet.js** with **client-side data management**
- Features include **episode search** and **character relationship visualization**

Abstract Artist

2022

- Simplistic creative project, using inputted text as a seed for a pseudo-random number creating **trillions** of unique deterministic digital art.
- Implements the **p5.js** library

Algorithms Showcase

2023

- EPQ Web app showcasing and **visualizing 11 different algorithms** with differing use cases
- Predecessor to the design used in Lets Go Gambling
- Implementation using **React Framework**
- Accompanied with a research report on the aesthetics of the early web

Achievements / Extracurricular

Graphics Lead

2024 - Present

- **Lead member** of the **graphics team** for the **computer science society** for University Of Manchester (**UniCs**)

Hackathon

2025

- Came Third Place in the 2025 **Student Hack** against 100 other attendees

Best Design

2025

- Voted and won "**The Application with the Most Impressive Design and Implementation**" for the first year team project between all of CS and CS + Maths

Mathematics

2024

- **highest A level Grades** in graduating year at sixth form in both **Mathematics** and **Further Maths**
